

PowerSeraya (Singapore)

Contract Value: USD \$ 300,000.00

Date Completed: August 2014

Number of Tanks: Six (06)

Capacity: 48,000 m³ (61.0m dia.)

Product Type: Fuel Oil blending

YTL PowerSeraya Pte. Limited is a Singapore-based energy company, providing fuel oil storage tank leasing and terminal services, engaging in oil trading.

Premier Six was approached by APECO (Asia Projects Engineering Pte. Ltd.) to explore the possibility of installing Pulse Air mixing system into the new storage tanks for this project. Another option to consider is to use air sparging system to blend/agitate the product.

After months of discussion and research, the client is convinced that the Pulse Air mixing system will bring about more beneficial aid to their operation.

Pulse Air mixing system was installed within a short 2 months duration, thanks to the close coordination efforts between APECO and Premier 6.
